

LiveStream chat notes

Note if you are in charge of Livestreaming then you are the 'Director' always imagine how the audience will be seeing it and what parts they are interested in. If its the choir then 4 if its the Rev's then 6, Children normally 2.

Congregation then 5. Lectern then 7. Communion 2.

Adjust the scenes in the MAC accordingly. The order is Camera then Scenes so you don't cut of peoples heads.

These sentences need adding to the right of the chat in the Old Mac viewer computer. These are not set in stone. 128 characters is max per line. Short sentences.

Change the bit in the quotes accordingly.
